GO FORTH&ROCK

PIT STOP:

What the cherry plumcot is a stone fruit anyway?

A stone fruit, also known as a drupe, is a fruit with one hard stone in the center. This stone (or pit) is surrounded by an outer flesh and skin (the yummy part).

GO FORTH&LOCAL

Eating locally grown produce means you're getting the freshest, tastiest fruit and veggies around. Here are some locals we're lovin':

Organic Tomatoes from Hepworth Farms

📍 Hudson Valley, NY

Hidden among thick trees and hilly farmland, Hepworth Farms grows some of the best-tasting tomato varieties out of the mountainous Hudson Valley soil.

Rainbow Carrots from the Black Dirt Region

📍 Spanning Orange County, NY to Sussex County, NJ

Growing in dark, richly fertile soil deposited by an ancient glacial lake, rainbow carrots are the sweetest, crunchiest, most colorful carrots on the market.

Plus, try our favorite local corn from Altobelli Family Farm.

Zucchini from Wells Homestead

📍 Aquebogue, Long Island

The Wells family has been farming the same land in Long Island since 1661, so they know a thing or two about farming. Their zucchini is perfect for summer grilling.

GO FORTH & SEAFOOD

Here are some summer highlights from our seafood merchant Mike Kanter, featuring the freshest in-season fish, caught just for you.

The Freshest Catch, From Dock to Door

AIN'T NO PARTY LIKE A LOBSTER PARTY

Fresh from the cold waters of the North Atlantic, the sweet meat of lobster never disappoints.

MARYLAND BLUE CRAB KITS

One of our favorite crustaceans in the nation! Our crab kit comes with a mallet so you can get whackin'.

WILD ALASKAN SALMON

There's nothing like the taste of grilled fish, and salmon caught fresh from Alaska's Copper River is perfect for your summer grilling.

ENJOYSTERS

Aww, shucks! Slurp 'em, grill 'em, or even deep-fry 'em for the ultimate po' boyster.

COLOSSAL SHRIMP

No seafood boil is complete without our shrimpzillas from Madagascar. Add them to stew, soup, or sauce—or throw these giants right on the grill.

GO FORTH & BACKYARD

Let's be Franki:

Hot dogs are delicious.
And we're relishing in these
staff-picked toppers this summer.

The Hottie

Add spice to your dog with some kimchi. We can't get enough of Mrs. Kim's Kimchi.

The Avocadocontrol

A bacon-wrapped hot dog topped with avocado. Need we say more?

The Hawaiian

Get tropical by adding scoops of our sweet and spicy FreshDirect pineapple salsa to your dog.

The Chili Dog

Meat lovers will rejoice when you top your dogs with our local grass-fed beef chili.

The Classic

Mustard, ketchup, relish, or any combination of the three—this classic combo never gets old.

Check out @FreshDirect on Instagram for more hot diggity dog video inspiration.

GO FORTH & PARTY

Snacks, dips, and everyone's favorite sips—it's not a backyard barbecue without bowls full of classic party chips and an icy cooler of Pepsi. Let your guests get to snacking while you grill your cola-marinated meat to perfection.

Check out a recipe for Pepsi-marinated steak on blog.freshdirect.com

GO FORTH & PICNIC

Ahh, the picnic basket. It might just be the best part of the beach or park trip. Don't forget these must-have items:

PUT IT IN A JAR

Salad jars are having a moment. Simply stack your favorite toppings—just make sure you put the dressing at the bottom—and you're good to go! No bowl required, just shake, shake, shake when you're ready.

WE MADE YOU A SANDWICH

From ham and gruyère to roasted vegetables and mozzarella, our new ready-to-eat sandwiches make picnic packing a breeze. Find them in our kitchen section.

THE NEW BOXED WINE

From FreshDirect Wines & Spirits

Our two new favorite wine boxes, Public House Sauvignon Blanc and Steinschaden Grüner Veltliner, are easy to carry and easier to serve. Your friends will thank you.

GO FORTH & COFFEE

One of our must-haves for Monday morning (and every morning) is cold-brew coffee from our friends at Wandering Bear. Bold but never bitter (and brewed locally just across the street from our office), it's the most refreshing way to start your day. The beans are sourced from Colombia and the cold-brew is packaged 48 hours after roasting. Plus, it comes on tap in an eco-friendly box. Coffee just doesn't come any cooler.

GO FORTH & INDULGE

We've never met a sweet treat we didn't like. Here are just a few of the things we can't wait to devour this summer.

UP YOUR S'MORES GAME

Our gourmet s'mores kit comes complete with rich chocolate, marshmallows made in Brooklyn, and our homemade graham crackers—it's simply made for a campfire. Kick it up a notch with epic add-ins like peanut butter cups, sliced fruit, or BACON (yes, we went there).

OH MY PIE!

Fresh fruit baked in a buttery crust? Sign us up for the nearest pie-eating contest! We can't decide which pie we want to dive into first—cherry wine pie filled with plump cherries, classic strawberry rhubarb, Bread Alone's local apple, or bumbleberry pie. Maybe, just to be safe, we'll have a slice of each.

I SCREAM, YOU SCREAM

We've got so many new flavors and toppings (plus, old classics), you're going to want to scream for ice cream. Start planning your ice cream social ASAP.

ICE POPS

Hand-crafted, all-natural, kid faves, and even paleo-friendly pops. We've got you covered when it comes to cooling off.

Get these goodies from our Bakery & Pastry department.
